<b>Functional Area:</b>	<b>Business Development/Marketing</b>

## Job Description

We are seeking a highly motivated individual for Baltimore, MD office. As a Marketing Associate Intern, you will play key role to interface the customer, key collaborators and the team, and support business growth by collaborating with team members from technology, business and management. This role bears crucial importance to reach corporate management and business objective.

Essential responsibilities are as followed, other duties may be assigned:

- Assist strategic design for corporate marketing and financing activities; Accomplish project objectives by planning, monitoring, appraising, and reviewing project progress;
- Support marketing team in daily management tasks, including but not limited to promotional activities (e.g. social media, direct mail, and web) and tradeshow/event preparation, and multi-channel distribution
- Collect quantitative and qualitative data for market research and competitive analysis; Regularly maintain corporate client relationship management (CRM) system and provide account forecasts to the management;

**Qualifications and Skills:**

- BS/MSc in Business, Management, Marketing or related major;
- Background in biomedicine and/or life sciences is a plus;
- Motivation in applying new technology in the field of medical application;
- Experience in multi-national project management is desired;
- Excellent organizational and communication skills; proficiency in other languages is preferred.

This internship is a paid position and will be supported by State of Maryland program. We offer competitive package that commensurate the candidate's expertise.

We are continuously looking for talents from various backgrounds to join us. We strive to provide a collaborative, creative matrix where each person feels encouraged to contribute to our processes, decisions, planning and culture.

Please send your CV to [info@linksciences.com](mailto:info@linksciences.com).
